

Allen Young

Occupation: Retired / Community Volunteer

I moved to Oroville fourteen years ago, and have lived in the heart of the historic district for the last ten years. Wanting to see downtown thrive has driven me to participate in the Historic Advisory Board, becoming a Parks Commissioner, and currently an Arts Commissioner. I am involved in the Downtown Business Association, the Cruisers Car Club, the historic district neighborhood watch group, and worked many years with the Bird Cage Theatre.

I will take very seriously the responsibility placed on me if elected to the city council. I will call upon my large company management experience and business degree to aid me in this effort.

I am dedicated to making Oroville a great place to live, and a wonderful, safe destination for tourists. I want to help Oroville prosper by encouraging vigorous economic development that will produce good paying middle class jobs.

I will work toward obtaining a Butte College facility in Oroville equal to their other off-campus sites. The city needs to work with Cal Water and South Feather River and Power to bring a fair and affordable water structure to the City, its residents, and its businesses.
