

FOR MEMBER OF THE CITY COUNCIL

JANET GOODSON

Age: 59

Occupation: Behavioral Health Counselor

As your Councilor, I will work to ensure the safety of our City, increase jobs and accelerate economic development. I will continue to work with Community leaders to reduce high water rates that affect many residents and businesses. I will make the tough decisions that secure fiscal accountability. My areas of priority are:

**Public Safety and Fiscal Responsibility:** I am committed to making our City safer in our schools, homes and businesses. I will ensure that our Public Safety Departments operate at an optimum level of response time and manpower. Local government must examine the City budget for cost effective strategies to increase our revenue dollars. I will work collaboratively with Council members to make effective decisions.

**Jobs and Economic Development:** I am committed to attracting new businesses that can provide sustainable living wage jobs, and growing local business while keeping our small town distinctiveness. The financial health of our City is in local business and keeping local dollars, local.

It is my hope that you will unite with me in building the safe, vibrant and prosperous city we deserve with new leadership and new ideas.
