The Supplemental Benefits Fund Steering Committee (SBF) has begun to take steps to strengthen the Feather River's "riverscape" and enhance its distinctive identity, connecting it to the whole community, and celebrating its many uses by providing funding for a plan to ensure that the Feather River, from the Diversion Dam to just below the Afterbay Outlet, remains a treasure to the Oroville Region. The SBF along with Environmental Science Associates (ESA) and the National Park Service (NPS) are working together to develop the Feather River Consolidated Master Plan to help guide future investments in the area. **For more information about the Feather River Consolidated Master Plan, please click this [LINK](#).**

We value your expertise in the community and invite you to participate in one or more of the focused stakeholder meetings slated to engage key members of the community in developing the plan.

The meetings will be held on December 8, 2016 at the City of Oroville Centennial Cultural Center (1931 Arlin Rhine Memorial Drive Oroville, CA 95965). Parking is available adjacent to the Center, or in the Mike Isch parking lot at Montgomery & Huntoon Streets.

- *1pm-2:30pm: focused on recreational and natural resource issues*
- *3pm-4:30pm: focused on real estate development and economics*
