**RE: SUBMITTAL OF NEW PROOF OF DESIGNATION LETTER TO
CALRECYCLE**

DATE: MAY 2, 2017

SUMMARY

The Council may consider authorizing the Mayor to sign a new Proof of Designation letter, Form 184, for the California Department of Resources Recycling and Recovery (CalRecycle) for electronic waste collected by Recology under their Waste Collection and Disposal Franchise Agreement.

DISCUSSION

Recology Butte Colusa Counties (Recology) currently collects, stores and ships electronic waste (ewaste) to e-Recycling of California under an approved Proof of Designation (POD) letter with CalRecycle. Under regulations that went into effect on March 16, 2017 CalRecycle, is making all existing POD letters null and void on September 16, 2017. New POD letters are required to approved by CalRecycle and be in place before August 16, 2017. Once the City's new POD letter is signed by the City of Oroville and Recology, CalRecycle has 30 days to approve it before it will go into effect June 30, 2017.

CalRecycle allows the option of doing a new POD letter every two years or for the length of the franchise agreement if it is longer than two years. Recology's Franchise Agreement does not expire until July 5, 2025 so this date is recommended for the new POD letter. This will reduce the amount of staff time required to prepare new POD letters versus if they are done every two years.

RECOMMENDATION

RE: LETTER OF SUPPORT FOR AB 1270: DAM SAFETY

DATE: MAY 2, 2017

SUMMARY

The Council may consider sending a letter of support to Assemblyman James Gallagher for Assembly Bill (AB) 1270 regarding dam safety.

DISCUSSION

The City of Oroville has been contacted by the Office of Assemblyman James Gallagher requesting a letter in support of new legislation (AB 1270) that has been introduced by Assemblyman Gallagher, and co-authored by Senator Jim Nielsen, which would require the Department of Water Resources (DWR) to perform annual visual and physical inspections of dams and reservoirs. Additionally, the bill would require DWR, on an annual basis, to submit a 5-year infrastructure improvement, maintenance, and funding plan for dams and reservoirs maintained by the State.

DWR's Division of Safety of Dams (DSOD) is responsible for reviewing and approving plans for the design of dams, overseeing construction, and inspecting over 1,200 dams and reservoirs. However, current law (Water Code §6102) only requires DWR to perform inspections for dams and reservoirs "from time to time," and does not specify what type of inspection (visual or physical) is required.

FISCAL IMPACT

No impact to the General Fund.

RECOMMENDATIONS

Send a letter of support to Assemblyman James Gallagher for Assembly Bill (AB) 1270 regarding dam safety.

AB 1270: Dam Safety

SUMMARY

AB 1270 would require the Department of Water Resources (DWR) to perform annual visual and physical inspections of dams and reservoirs. Additionally, the bill would require DWR, on an annual basis, to submit a 5-year infrastructure improvement, maintenance, and funding plan for dams and reservoirs maintained by the State.

ISSUE BACKGROUND

The February 7th failure of the Oroville spillway and consequent utilization of the emergency spillway resulted in the evacuation of almost 200,000 people and millions of dollars in infrastructure damage to the facilities at Oroville, levees downstream, and public roads. The crisis highlighted that more has to be done to ensure we are taking care of our aging water infrastructure. The Oroville spillway was last inspected by DWR on Feb. 3, 2015. Later inspections did not include a close physical inspection, as the spillway was only visually observed from a distance.

As the population continues to grow and Californians rely more and more on an aging infrastructure, ensuring proper inspection and maintenance of critical dams and reservoirs is paramount. 1,100 of California's 1,585 dams were built before 1969. Moreover, as the population around many of these dams has increased, dams that were previously designated as low-risk have become high-risk. The 2017 American Society of Civil engineering infrastructure survey gave the U.S. a "D" for dam maintenance

A compounding problem is that many documents pertaining to the operation, funding, and maintenance of dams are not publicly available. This makes it difficult for legislative leaders to determine the condition of State operated facilities.

Finally, DWR is responsible for both the inspection as well as the maintenance and operation of State Water Project infrastructure like Oroville Dam, but current law does not require independent oversight or reporting.

SOLUTION

The Department of Water Resources' Division of Safety of Dams (DSOD) is responsible for reviewing and approving plans for the design of dams, overseeing construction, and inspecting over 1200 dams and reservoirs. However, current law (Water Code §6102) only requires DWR to perform inspections for dams and reservoirs "from time to time", and does not specify what type of inspection (visual or physical) is required.

AB 1270 would require the Department of Water Resources (DWR) to perform annual visual and physical inspections of dams and reservoirs. Additionally, the bill would require DWR on an annual basis to submit a 5-year infrastructure improvement, maintenance, and funding plan for dams and reservoirs maintained by the State.

AUTHOR'S STATEMENT

"Proper inspection and maintenance of critical dams and reservoirs that we rely on is paramount, and AB 1270 strengthens inspections while giving leaders tools to ensure State infrastructure is properly funded, operated, and maintained."

RE: SUPPORT FOR AB 1270 (GALLAGHER)

Dear Assemblyman Gallagher:

The City of Oroville hereby formally expresses its support of **Assembly Bill 1270**, which would help ensure that a failure like the one that occurred at the Oroville Dam does not happen again. As the population continues to grow and Californians rely more and more on an aging infrastructure, ensuring proper inspection and maintenance of critical dams and reservoirs is paramount. 1,100 of California's 1,585 dams were built before 1969. Moreover, as the population around many of these dams has increased, dams that were previously low-risk have become high-risk.

The incident at the Oroville Dam resulted in the evacuation of almost 200,000 people and millions in infrastructure damage. While evaluation is still occurring regarding what caused the failure, one thing is clear, it was not caused by natural events. Clearly, there were design and maintenance issues with the facility that were missed. An independent analysis by Robert Bea of the Center for Catastrophic Risk Management at UC Berkeley found that serious design and construction flaws in addition to insufficient maintenance led to the spillway failure.

We must learn from the incident at the Oroville Dam and take concrete steps to ensure that such an incident does not repeat itself and that a failure does not occur at other aging critical water infrastructure in the state. Current law (Water Code §6102) only requires the Department of Water Resources (DWR) to perform inspections for dams and reservoirs "from time to time," and does not specify what type of inspection (visual or physical) is required.

AB 1270 would require DWR to perform annual visual and physical inspections of dams and reservoirs. Additionally, the bill would require DWR, on an annual basis, to submit a 5-year infrastructure improvement, maintenance, and funding plan for dams and reservoirs maintained by the State. This will help strengthen inspections while giving California leaders tools to ensure State infrastructure is properly funded, operated, and maintained.

For these reasons we enthusiastically support AB 1270. Should you have any questions regarding our position, please do not hesitate to contact me.

Sincerely,

Linda L. Dahlmeier, Mayor

The Council may consider approving two letters of support for grant funding to develop the Sustainable Groundwater Management Plan for the East Butte and Upper Wyandotte Creek Sub-Basins.

DISCUSSION

Following approval by the City Council on February 21, 2017, of the MOU forming the Wyandotte Creek Sub-Basin and March 21, 2017, MOU forming the East Butte Sub-Basin, each partnership will begin developing a Sustainable Groundwater Management Plans for each sub-basin.

The Sustainable Groundwater Management Act requires local agencies to draft plans to bring groundwater aquifers into balanced levels of pumping and recharge (Water Code §10733.2) to help prepare communities for a changing climate and future droughts.

Butte County is requesting the City Council's approval for two letters of support for the cooperative approach to obtain Prop 1 funding for planning efforts of the Sustainable Groundwater Management Plan for the Wyandotte Creek Sub-Basin and the East Butte Sub-Basin. Butte County will serve as the applicant and administer the grant funding. The development of each application will be a group effort and all agencies will have the opportunity to review the scope of work prior to submittal of the grant applications. One of the first tasks included in the scope of work will be the development of an Agreement that will define how the parties will participate in the planning process for the development of each Groundwater Sustainable Plan.

FISCAL IMPACT

RECOMMENDATIONS

**RE: SUPPORT LETTER FOR COOPERATIVE APPROACH TO OBTAIN PROP 1
FUNDING FOR PLANNING EFFORTS FOR THE SUSTAINABLE GROUNDWATER
MANAGEMENT PLAN IN THE EAST BUTTE BASIN**

Ms. Randall:

Please accept this letter of support on behalf of City of Oroville City Council for a collaborative grant application for funding under the Sustainable Groundwater Management Act (SGMA) planning portion of Proposition 1. This funding would be used to develop a basin-wide Groundwater Sustainability Plan (GSP) for the East Butte Sub-basin (5-21.58) as defined by the Department of Water Resources (DWR) under Bulletin 118.

The Counties of Butte and Sutter, along with other Groundwater Sustainability Agencies (GSA) and organizations within the sub-basin, have come together to seek funding to develop a basin-wide GSP, as well as explore specific basin boundary modifications which will enhance the sustainable management of the sub-basin into the future.

All entities are committed to a cooperative approach to SGMA planning, which will include a coordination of efforts in both the planning and implementation of SGMA requirements. This effort includes a commitment to data-sharing amongst the parties and a collaborative approach to the development of the grant application and the GSP.

Butte County will serve as the applicant and administer the grant funding. However, this application is a cooperative effort and all entities are in agreement with this approach. The development of the application will be a group effort and all agencies will have the opportunity to review the scope of work prior to submittal of the grant application. One of the first tasks included in the scope of work will be the development of an Agreement that

will define how the parties will participate in the planning process for the development of the GSP.

We look forward to a coordinated and cooperative SGMA planning effort in the East Butte Sub-basin and support the application for Prop 1 funding for a basin-wide approach which will result in one GSP for the sub-basin.

**OROVILLE CITY COUNCIL
STAFF REPORT**

TO: MAYOR AND CITY COUNCIL MEMBERS

**FROM: SCOTT E. HUBER, CITY ATTORNEY
ADMINISTRATION DEPARTMENT**

RE: EMPLOYMENT AGREEMENT WITH RUTH WRIGHT

DATE: MAY 2, 2017

SUMMARY

The Council may consider an Employment Agreement with Ruth Wright to serve as the City's Director of Finance.

DISCUSSION

The existing Employment Agreement with Ruth Wright is set to expire in October 2017. Following receipt of a positive evaluation, Ms. Wright requested an extension to her current employment agreement. Ms. Wright has requested similar terms as were recently approved for the Assistant City Administrator and Community Development Director, and the Public Safety Officer and Acting Personnel Officer. The Council will consider a new employment agreement for the position of Director of Finance.

Ms. Wright has served as the City's Director of Finance for more than two years. During that time, Ms. Wright has accomplished the following tasks:

- Submitted timely budgets to the Council;
- Reviewed and revised policies related to bad debt, uncashed check, credit card and fund balance policies;
- Assisted in the RDA excess bond proceeds project;
- Finalized the transfer of information to the "Open Gov" website, the City's financial transparency website tool;
- Completed the transition to a new City Banking provider;
- Increased the frequency of Finance check runs to meet department needs;
- Streamlined the City's Funds and closed unnecessary Funds during the implementation of new software (went from over 100 to 62);
- Completed the City's Health Diagnostic Tool Report recommended by the League of Cities;
- Cleanup of outstanding checks dating back to 1990;
- Reorganized the accounting system to allow for streamlined financial reporting;
- Implemented new software with the following efficiencies:
 - No more paper check vouchers, saving staff time and money printing and distributing
 - Set up the City's accounts receivable module, prior system not capturing cumulative balances

- Implemented scanned invoices so users can access
- Performed the functions of the department while always meeting deadlines and performance goals in a timely manner and operating within the budget provided for by Council.

In addition, Ms. Wright recently received a positive evaluation from the Council.

Beyond the accomplishments listed above, Ms. Wright is currently working on the full implementation of new City Software which includes electronic time sheets, paperless accounts payable, electronic workflows, and will help IT build utility billing in laser fiche. All of these things will help the City operate more efficiently to enable staff to accomplish more tasks utilizing the same amount of personnel.

The Employment Agreement is similar in effect to those recently approved by the Council for other positions. The Employment Agreement provides for no increase in compensation at this time. The agreements extend for a term of three years. In addition, Ms. Wright will contribute 12% of her salary toward the CalPERS obligation resulting from the employment agreement.

For ease of reference, all changes from the prior agreements between the parties are underlined and utilize red text.

COMMUNITY DEVELOPMENT DEPARTMENT**

**RE: ZC 17-01: EXPANSION OF EXISTING MEDICAL MARIJUANA LAND
USE REGULATIONS TO APPLY TO RECREATIONAL AND MEDICAL
MARIJUANA (2nd Reading)**

DATE: MAY 2, 2017

SUMMARY

The Council will conduct a public hearing to review and consider an amendment to Title 17 of the Oroville Municipal Code (Zoning Ordinance) to expand the existing land use regulations regarding medical marijuana to apply to recreational and medical marijuana.

DISCUSSION

On November 8, 2016, the majority of California voters passed Proposition 64 – The Control, Regulate and Tax Adult Use of Marijuana Act (Prop 64). The proposition became law immediately. California now joins several states including Washington, Oregon, and Colorado where the personal possession and use of marijuana is decriminalized. Prop 64 permits adults 21 years of age and over to possess and grow specified amounts of marijuana for recreational use. Prop 64 does not alter the Compassionate Use Act (Prop 215) or the Medical Marijuana Regulation and Safety Act (MMRSA).

Prop 64 prohibits state licensing authorities from issuing a license to a commercial nonmedical marijuana business if operation of the business violates a local ordinance of the jurisdiction in which the business will operate. This means that a city wishing to regulate or prohibit nonmedical marijuana businesses will need to do so before the state begins issuing licenses, which is anticipated to be in late 2017, either by enacting a nonmedical marijuana ordinance or by amending an existing medical marijuana ordinance to include nonmedical marijuana within its scope. Prop 64 does not require state agencies to issue licenses until January 1, 2018.

The City of Oroville has existing regulations that prohibit marijuana dispensaries, medical cannabis delivery and commercial processing, and regulations related to the cultivation of medical marijuana within the City limits. As much of the existing language in the City's municipal code regarding the regulation of marijuana specifies that the regulations apply to "medical" marijuana, the intent of this proposed code amendment is

to include and/or delete language, where appropriate, to expand the applicability of the regulations to recreational and medical marijuana.

ENVIRONMENTAL REVIEW

This project has been determined to be exempt from the California Environmental Quality Act (CEQA) as follows:

General Rule Exemption; Title 14, CCR, §15061(b)(3)

A project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

Minor Alterations in Land Use Limitations; Title 14, CCR, §15305

Section 21084 of the Public Resources Code requires the CEQA Guidelines to include a list of classes of projects which have been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA. Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density.

The City's Zoning Ordinance already has regulations that prohibit marijuana dispensaries, medical cannabis delivery and commercial processing, and regulations related to the cultivation of medical marijuana within the City limits. As much of the existing language in the City's municipal code regarding the regulation of marijuana specifies that the regulations apply to "medical" marijuana, the intent of this proposed code amendment is to include and/or delete language, where appropriate, to expand the applicability of the regulations to recreational and medical marijuana.

FISCAL IMPACT

Pursuant to Public Resources Code Section 21089, and as defined by the Fish and Wildlife Code Section 711.4, fees (\$50) are payable by the project applicant (City of Oroville) to file the Notice of Exemption with Butte County by the City of Oroville – Community Development Department within five working days of approval of this project.

RECOMMENDATION

Waive the second reading, and introduce by title only, Ordinance No. 1821 – AN ORDINANCE OF THE OROVILLE CITY COUNCIL ADOPTING AMENDMENTS TO TITLE 17 OF THE OROVILLE MUNICIPAL CODE EXPANDING EXISTING LAND USE REGULATIONS REGARDING MEDICAL MARIJUANA TO APPLY TO RECREATIONAL AND MEDICAL MARIJUANA.

No person shall establish, develop, construct, maintain, or operate a marijuana dispensary, and no application for a building permit, use permit, variance, or any other entitlement authorizing the establishment, development, construction, maintenance, or operation of any marijuana dispensary shall be approved by the City of Oroville or any officer or employee thereof in any of the above districts.

B. Prohibition of ~~Medical Cannabis Delivery and Commercial Processing.~~

1. All deliveries of ~~medical-cannabis~~ are expressly prohibited within the City of Oroville. No person shall conduct any deliveries that either originate or terminate within city limits.
2. All commercial processing of ~~medical-cannabis~~ is expressly prohibited within the City of Oroville.

C. **Permit or License Issuance.** The city shall not issue any permit, license, or other entitlement for any activity prohibited by the Oroville Municipal Code for which a state license is required under the Medical Marijuana Regulation and Safety Act MMRSA or the Control, Regulate and Tax Adult Use of Marijuana Act.

D. **Public Nuisance.** Any use or condition caused, or permitted to exist, in violation of any provision of this section shall be, and hereby is declared to be, a public nuisance and may be summarily abated by the ~~district~~ City pursuant to Code of Civil Procedure Section 731 or any other remedy available to the ~~district~~ City.

E. **Civil Penalties.** In addition to any other enforcement permitted by this section, ~~district~~ City counsel may bring a civil action for injunctive relief and civil penalties, as permitted by law, against any person or entity that violates this section. In any civil action brought pursuant to this section, a court of competent jurisdiction may award reasonable attorneys' fees and costs to the prevailing party.

F. **CEQA.** ~~This section is exempt from CEQA pursuant to CEQA Guidelines Section 15305, minor alterations in land use limitations in areas with an average slope of less than 20% that do not result in any changes in land use or density, and Section 15061(b)(3), which is the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment and CEQA does not apply where it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment. The district's zoning provisions already prohibit all uses that are being expressly prohibited by this section. Therefore, this section has no impact on the physical environment as it will not result in any changes.~~

G. **Severability.** ~~If any subsection, subdivision, sentence, clause, phrase or portion of this section is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this section. The board of directors hereby declares that it would have adopted the ordinance codified in this section and each subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.~~

H. ~~Effective Date.~~ The urgency ordinance codified in this section shall take effect immediately from and after the date of its adoption, January 5, 2016.

Oroville, CA, 95965

Project Title: ZC 17-01: Expansion of Existing Medical Marijuana Land Use Regulations to Apply to Recreational and Medical Marijuana

Project Location – Specific: Citywide

Project Location – City: City of Oroville

Project Location – County: Butte

Description of Nature, Purpose, and beneficiaries of project: On November 8, 2016, the majority of California voters passed Proposition 64 – The Control, Regulate and Tax Adult Use of Marijuana Act (Prop 64). The City of Oroville has existing regulations that prohibit marijuana dispensaries, medical cannabis delivery and commercial processing, and regulations related to the cultivation of medical marijuana within the City limits. As much of the existing language in the City’s municipal code regarding the regulation of marijuana specifies that the regulations apply to “medical” marijuana, the intent of this code amendment is to include and/or delete language, where appropriate, to expand the applicability of the regulations to recreational and medical marijuana.

Name of Public Agency Approving Project: City of Oroville

Name of Person or Agency Carrying out Project: City of Oroville

Exempt Status (Check One):

- Ministerial (Sec. 21080(b)(1); 15268)
- Declared Emergency (Sec. 21080(b)(3); 15269(a))
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
- Categorical Exemption: State type & section number:
 - General Rule Exemption; Title 14, CCR, §15061(b)(3)
 - Minor Alterations in Land Use Limitations; Title 14, CCR, §15305
- Statutory Exemption: State code number:

Reasons why project is exempt: This project has been determined to be exempt from the California Environmental Quality Act (CEQA) as follows:

General Rule Exemption; Title 14, CCR, §15061(b)(3)

A project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

Minor Alterations in Land Use Limitations; Title 14, CCR, §15305

Section 21084 of the Public Resources Code requires the CEQA Guidelines to include a list of classes of projects which have been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA. Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density.

The City's Zoning Ordinance already has regulations that prohibit marijuana dispensaries, medical cannabis delivery and commercial processing, and regulations related to the cultivation of medical marijuana within the City limits. As much of the existing language in the City's municipal code regarding the regulation of marijuana specifies that the regulations apply to "medical" marijuana, the intent of this proposed code amendment is to include and/or delete language, where appropriate, to expand the applicability of the regulations to recreational and medical marijuana.

If filed by applicant:

1. Attach certified document of exemption finding.
2. Has a notice of exemption been filed by the public agency approving the project? Yes No

No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

Each bid must conform to the requirements of the DTSC Approved Removal Action Work Plan and other documents comprising the Contract Documents. Interested parties may obtain copies of the complete bid package by contacting Kayci Tiner at ktiner@chicousd.org.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by Cashier's Check or Bidder's Bond from a surety company registered with the State of California Insurance Commissioner, for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract, if it be awarded to him, in conformity with the Contract Documents.

After the scheduled closing time set for receipt of bids, bids may not then be withdrawn for a period of time as stated on 00 41 04 - BID FORM days from and after said closing time, except as otherwise provided for in the California Public Contract Code.

Within 10 days after notification of the award of the Contract, the successful bidder/or bidders will be required to furnish a labor and Material Bond in an amount equal to one hundred percent (100%) of the Contract price and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner, and authorized to do business in the State of California.

Pursuant to California Public Contract Code Section 22300 of the State of California, the contract will contain provisions permitting the successful bidder to substitute securities for any moneys withheld by the Owner to ensure performance under the contract.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

**OROVILLE CITY COUNCIL
STAFF REPORT**

TO: MAYOR AND CITY COUNCIL MEMBERS

**FROM: DAWN NEVERS, ASSISTANT PLANNER
DONALD RUST, DIRECTOR
COMMUNITY DEVELOPMENT DEPARTMENT**

**RE: PARTICIPATION IN THE BLUE STAR MUSEUM PROGRAM AND
ADDITIONAL MUSEUM INFORMATION**

DATE: MAY 2, 2017

SUMMARY

The Council may consider re-registering to participate in the Blue Star Museum Program.

DISCUSSION

At their March 3, 2015 meeting, the Council approved registering the City of Oroville's museums in the Blue Star Museum Program.

Blue Star Museums is the collaboration among the National Endowment for the Arts, Blue Star Families, the Department of Defense, and more than 2,000 museums across America to offer free admission to the nation's active-duty military personnel and their families, including National Guard and Reserve, from Memorial Day through Labor Day. Listing of the City of Oroville's museums on the Blue Star Museums registry provides national recognition of the City of Oroville's museums and local history.

The Park Commission inquired about continuing the program as well as receiving correspondence from the Docents Association requesting to re-register the City of Oroville's Museums in the Blue Star Museum Program. At the April 10, 2017 Park Commission meeting, the Commission unanimously agreed to send a recommendation to the City Council recommending approval to re-register the City of Oroville's museums in the Blue Star Museum Program.

Additionally, the Park Commission received correspondence (Exhibit A) from the Docents Association requesting discounts on museum entry fees for high school students with a valid ID from \$3.00 down to \$2.00. A secondary request from the Oroville Docents is to renew membership with the Smithsonian Museum for national recognition of the City's museums. Another request came from the Bolt's Antique Tool Museum (Exhibit B) to offer donation only entry for ladies in Thursdays and half price (\$1.50) for seniors on Tuesdays. Above items are to be presented to the Park

Commission at the regular Park Commission meeting to be held July, 10, 2017 for requested recommendation to the City Council.

FISCAL IMPACT

There is no application fee for participation in the Blue Star Museum Program. However, income from admission fee revenues of military families will be lost during the Blue Star Program dates, from Memorial Day through Labor Day, annually as registration is renewed.

RECOMMENDATIONS

1. Approve the City's continued participation in the Blue Star Museum Program as a public benefit to honor military personnel and their families.
2. Provide direction regarding any additional discounts to museum admission fees.

FAQs on FY 2018 Budget

Is the NEA closed?

No. The NEA remains open. The President's FY 2018 budget blueprint proposes the elimination of the National Endowment for the Arts. The President's budget request is a very long budget process. The agency continues to operate as usual and will do so until a new budget is enacted by Congress. Our FY 2017 operations remain unchanged. We continue to make FY 2017 grant awards and will continue to honor all obligated grant funds made to date. Application recommendations scheduled for National Council on the Arts review on March 31, 2017 will proceed per the NEA's normal grant process with an anticipated grant announcement later in the spring. In addition, we will continue to accept grant applications for FY 2018 at our usual deadlines.

Can the NEA advocate for its budget?

No. NEA staff, including the NEA chairman, cannot lobby or participate in efforts designed to influence Congress regarding appropriations, law, legislation, or policy, in their official capacity. This prohibition is not limited to the NEA. Federal agencies are prohibited from using federal funds to engage in lobbying either directly or indirectly.

If the NEA can't lobby or participate in advocacy, then what can it do?

The NEA cannot engage in advocacy, either directly or indirectly; however, the agency continues to actively educate the public about the NEA's vital role in serving our nation's communities. Some of the ways we do this include:

- Posting multimedia information on arts.gov that tells the story of how the NEA is helping make an impact in local communities through arts funding to nonprofit organizations, schools, and state and local governments.
- The NEA chairman traveling to local communities to visit an NEA grantee, giving a speech, or participating in a town hall meeting.
- Sharing materials with and responding to inquiries from the media, partners, and general public.
- Responding to requests from members of Congress and their staff.

Where can I find educational information on your website?

There are lots of resources on our website that may prove helpful, including the NEA's [facts and figures page](#), [NEA Quick Facts](#), and our [grant search utility](#) that allows you to pull Excel spreadsheet reports on our grants. To keep up to date on our latest news, we encourage you to follow the NEA on [Facebook](#), [Twitter](#), and [Instagram](#), and check out our [Art Works Blog](#) and [podcast](#) where we highlight the artists and arts organizations that contribute to our culture.

FAQs on FY 2018 Budget

What can NEA grantees, state and local arts organizations, and national service organizations do to share information about the role of the NEA?

NEA's partners can help to educate their communities on the NEA's role and impact in their communities by continuing to credit the National Endowment for the Arts, in accordance with grant general terms and conditions, in a number of ways:

- Within any materials that describe the project that was funded by the NEA.
- On signage at an event or in a venue that promotes the NEA-funded project.
- Acknowledgment from the stage at an NEA-funded event or performance.
- In opinion editorials published in your local newspaper or other media outlet about your grant.
- Posts on social media about an NEA-supported project.
- Sharing and/or linking to NEA materials on project/grantee website.
- Including @NEAarts when you tweet about an NEA-supported project.

If you are a current NEA grantee that needs access to the NEA logo, you can find it in the grants section of our [website](#).

Can I donate money to the NEA?

Congress sets the level of appropriations for the NEA. The NEA has the statutory authority to receive donations; however, donated funds, if accepted by the agency, cannot be used to supplement grantmaking. We encourage you to look to arts organizations in your local community or other groups that support the arts. If you have donation questions, please contact Tony Tighe at tighet@arts.gov.

What is the role of the government when it comes to supporting the arts?

With the NEA's support, the arts contribute to our economy, with the arts and culture sector accounting for \$742 billion, or 4.2 percent, of the Gross Domestic Product (GDP), and add millions of jobs to our workforce (more than two million full-time artists and nearly five million arts-related jobs). The NEA's role is to make sure all Americans have access to the arts no matter where they live. All 435 Congressional Districts benefit from NEA grants. NEA funding:

- Creates an environment for the arts to bloom and thrive.
- Acts as a catalyst to leverage resources for key investments in communities across the nation.
- Stimulates giving; every dollar invested directly by the NEA is matched by up to \$9 of additional non-federal or private investment.
- Plays a vital role in revitalizing communities, and supports our military service members through a military healing arts program.

FAQs on FY 2018 Budget

Why can't private giving be the sole supporter of the arts?

Private funding will not sustain the arts nationally if public funding goes away. Charitable giving as a whole in the United States is geographically disproportional, with rural areas receiving only 5.5 percent of all philanthropic dollars. NEA funding makes sure there is equitable distribution of funds, particularly for underserved communities, across the nation. Research shows that even a low level of public funding can stimulate private giving; NEA's funding must be matched by money from other sources. So, when a nonprofit receives an NEA award, it provides the credibility for other funders to step up. In FY 2016, this additional investment resulted in \$500 million in matching support.

Some say many of the programs you fund are elitist. Is NEA funding essentially a subsidy for the wealthy?

Absolutely not. The NEA's role is to make sure all Americans have access to the arts no matter where they live. Among the proudest accomplishments of the NEA is the growth of arts activity in areas of the nation that were previously underserved or not served at all, especially in rural and inner-city communities. In many communities, NEA grants support free performances, as well as reduced ticket prices for those who cannot afford to buy a ticket. A significant percentage of grants benefit those who have fewer opportunities to participate in the arts:

- 65 percent of NEA grants go to small and medium-sized organizations, which tend to support projects that benefit audiences that otherwise might not have access to arts programming.
- 40 percent of NEA-supported activities take place in high-poverty neighborhoods.
- 36 percent of NEA grants go to organizations that reach underserved populations such as people with disabilities, people in institutions, and veterans.
- More than half of NEA-funded art events take place in locations where the median household income is less than \$50,000.

Park Commission
City of Oroville
1735 Montgomery Street
Oroville CA 95966

Dear Commissioners:

At our last City of Oroville Docents meeting we voted on three items that need the approval of the Park Commission. Please consider the following for approval.

- Docent Adrienne Holiday reported that she frequently has high school visitors who would like to visit the Pioneer Museum but do not have the \$3.00 admission fee. The Docents voted that a high school discount admission fee of \$2.00 be instituted if they have proof with their high school identification card.
- The Docents would like to take part in the Blue Star Museum program. This would entitle current active military members free admission to the museums from Memorial Day in May through Veterans day in November.
- And, we would like to consider becoming a member of the Smithsonian Museums again. With this membership we would receive free publicity of our museums in their national magazine. We would also have to participate in Museum Days which would be free admission to the museums on that day.

Thank you very much for your consideration to the above items. We hope your actions will be positive on each item.

Sincerely,

Freda Flint 3-26-17

**RE: AUTHORIZATION FOR EXPENDITURE FOR REPAIR OF PATROL
VEHICLE IN EXCESS OF SPENDING LIMIT**

DATE: MAY 2, 2017

SUMMARY

The Council is being notified and asked to authorize an expenditure in excess of the authorized spending limit by a Department Head for a patrol vehicle repair.

DISCUSSION

On December 29, 2016, the Oroville Police Department (Department) responded to a home on Fairhill Drive to serve a Ramey Warrant. The subject was wanted for kidnapping, felony domestic violence, criminal threats and several other alleged crimes. Officers arrived on scene at approximately 1530 to 1600 hours. Upon their arrival, they located the subject inside of a large motorhome parked in front of the residence. Officers requested additional Officers to respond due to the fact that the subject had barricaded himself inside of the motorhome and was refusing to come out. Additional Officers responded and set up a perimeter. One of the patrol vehicles was parked in a manner to prevent the suspect from driving away in the motorhome. Approximately three hours later, the suspect attempted to flee in the motorhome. When the suspect attempted to flee, he rammed the patrol vehicle, causing significant damage to both vehicles. The suspect was eventually arrested and booked into the Butte County Jail. The Department will be requesting restitution from the suspect upon his conviction of this crime to include the repair of the patrol vehicle.

The patrol vehicle that was damaged is a 2015 Ford Explorer Police Inceptor. The mileage on the vehicle is 18,283. This vehicle is fully equipped as a Police vehicle and would cost approximately \$42,000 to replace.

The vehicle has been assessed and was determined that it could be repaired. The repair necessary will be extensive and expensive due to the damage to the structural components that maintain the passenger compartment in the event of a collision.
