

**SBF Public Outreach Meeting      10-Dec-14**  
**Potential Oroville Aquatic Complex ...**

**"Brainstorming" what elements are needed ...**

a good swimming pool area for all  
amphitheater  
arcade or other game areas for kids  
as many exciting options as possible  
BMX  
build it in South Oroville  
check out more facilities  
closer to downtown would be better for the retail shops  
consider FRRPD Activity Center area  
consider other sites beyond where you've looked  
cost to operate  
cost/make it affordable  
cover it if possible  
covered area for spectators  
don't over-design or over-build  
educational elements "STEM"  
engage school districts  
excitement  
float a bond like Harrison Stadium did  
fun  
have a quality restaurant on site  
have art elements  
have camping (KOA) type of facility  
how to get people to come back week after week  
ice skating  
improve trails  
interpretive educational area  
keep area income in mind  
keep swimming elements separate  
lazy river  
local membership  
make it "inviting"  
make it a year-round venue  
make it energy efficient/solar or wind aspects  
miniature golf  
multi use pool  
near the river downtown  
need a 40 year plan for replacement/repairs  
need a warm-up pool for competition

Olympic competition pool  
only in favor if other projects are considered  
other water features  
parking issues at the Forebay  
picnic areas  
pool size critical  
prioritize facilities/components  
put a small White Water Park @ Bedrock Park  
recreational destination  
regional membership  
roller blading area  
roller skating  
second pool for laps/warm-up  
should this be a local or regional facility  
slides  
sports 17 public swimming only no fancy stuff  
swim lessons  
swimming programs  
tall trees/shade canopy  
therapy pool  
tot splash pool  
warm water  
water activities for all age groups  
what do you do with the old pools?  
white water fun area  
who determines what is close or far?  
who would operate the facility  
zip lines
