About the Supplemental Benefits Fund (SBF)

The Supplemental Benefits Fund (SBF), the result of a Settlement Agreement signed by multiple parties associated with the re-licensing of the Oroville Facilities (FERC Project No.2100), will make available up to approximately \$61 million over the next 30 to 50 years, depending on the term of the license when approved by the Federal Energy Regulatory Commission ("FERC") to be used for recreation projects that will help to stimulate the economy of the

Greater Oroville Region. The SBF is funded by State Water Contractors & the State of California Department of Water Resources.
